

## YL175Wp, Yingli Solar

Yingli's 175 watt photovoltaic module is designed for large electrical power requirements. With a 25 year warranty, the YL175 has superb durability to withstand rigorous operating conditions. Ideal for grid-connected and remote power systems, the YL175 offers high usable power per square foot of solar array.

- ◆ Solar Cell: High efficiency crystalline solar cell. Even if under the weak light, the solar module can produce maximum power output.
- ◆ Tempered glass: Anti-reflecting coating and high transmission rate glass increase the power output and mechanical strength of solar module.
- ◆ EVA and TPT: Using high quality EVA and TPT to prevent destroying and water.
- ◆ Al frame: Without screw, corner connection. 6 holes on the frame can be installed easily.
- ◆ Junction box: Multi function junction box with water proof.
- ◆ Long lifetime:  $\geq 25$  years; Less power decrease.
- ◆ Good performance of preventing from atrocious weather such as wind and hails.
- ◆ Resisting moisture and etching effectively, not effect by geology.
- ◆ The certificate issued by international authority: ISO Quality Management system, CE, TUV, IEC.

- World-class Product and Service
- Complete Production Chain
- PV Manufacturer from China
